

NATIONAL UNIVERSITY OF IRELAND, GALWAY
FACULTY OF ARTS

DEPARTMENT OF ITALIAN

SUMMER EXAMINATIONS 1999/2000

BACHELOR OF COMMERCE – FIRST YEAR

ITALIAN (IT105) – PAPER 2

Professor E.A. Millar
Professor C. O'Brien
Dott. L. McLoughlin

Time Allowed: 1½ Hours

Candidates must answer either *Section A* OR *Section B*

SECTION A

1. Discuss the problems facing the new Italian state immediately after Unification in 1860, with particular reference to the economic issues.

SECTION B

Candidates must answer TWO of the following questions.

No more than 200 words per answer.

2. Discuss the way in which the economic development of Milan, Rome and Palermo was influenced by their geographic positions.
3. The following table shows the percentage of manpower employed in each sector of the Italian economy between 1861 and 1991:

Settori	1861	1901	1951	1971	1991
Primario	68	62	42	17	8
Secondario	18	22	32	44	32
Terziario	14	16	26	39	60

Explain the reasons for the fluctuations in the different sectors above.

4. Outline the situation of the tourist industry in Italy and consider the advantages/disadvantages brought about by its development in recent years.
