(PSYCHIATRIC)

(TOTAL MARKS 700)

Time allowed: 2 Hours

Attempt ONE question from each section.

Please use separate Answer Books for each question.

Mr. David Shaw
Ms. Kathy Murphy

SECTION A

Ms. P. O'Connor
Ms. F. Farrelly
Ms. A. Tully

1. Discuss Primary Nursing as a method of delivering nursing care. Support your answer with relevant literature.
2. '*...the benefits of use of a nursing model outweigh the potential difficulties*'. Robb, (1997, p.95). Discuss this statement. Your answer should refer to relevant literature and your clinical experience.

SECTION B

Ms. M. Delaney
Ms. L. Mee
Ms. A. Tully

3. Give a detailed account of **either** quantitative **or** qualitative research. Give examples to illustrate your answer.
4. Explore the issues you would consider when critiquing a nursing research article.

SECTION C

Mr. F. Dooley
Ms. M. Delaney
Ms. A. Tully

5. Truth-telling and honesty are important in nurse-patient relationships. Discuss this statement in the context of nursing ethics, referring to relevant literature and clinical experience.

/CONTD. OVERLEAF

6. Detail the current legislation governing the detention of people with mental disorder in Psychiatric Hospitals/Units. With reference to the literature and clinical experience explore the areas in which such legislation could be improved upon.
