PTO

1. Answer **each** of the following:
 - (a) Describe briefly the operation of the doctrine of precedent and explain why it is important in a common law legal system.
 - (b) Set out the primary sources of Irish law.
2. Explain the way in which legislation is enacted in the Irish legal system.
3. Describe the remedies under the common law for environmental protection giving examples of how each may arise in practical circumstances.
4. The manager of a new waste incinerator has been told that he will require an environmental impact statement with an application for planning permission for the proposal. Explain the nature and contents of an environmental impact statement and briefly outline the planning application procedure for a development requiring environmental impact assessment as outlined in the Planning and Development Regulations 2001, S.I. 600 of 2001.
5. Draft a short explanation and give an example, with respect to planning law, of each of the following:
 - (a) Exempted development
 - (b) Material Change of use
 - (c) Works
 - (d) Planning conditions
