Instructions: Answer Two questions in total

Duration	2hrs
No. of Pages	1
Department	Geography
Course Co-ordinator	Dr. Seamus Grimes

1. Examine some of the key population policy challenges facing humanity as we enter the third millennium.
2. Examine some of the key similarities and differences between the recent phase of international migration and earlier phases.
3. Examine the origin and some of the consequences of China's one-child policy.
4. The question of whether the 'European path of demographic transformation might be applicable to a society in the developing world or is instead a unique and cultural event remains highly controversial'. Discuss critically.
5. To what extent has Australia succeeded in becoming a multicultural society, and can the Australian experience provide guidelines for European policymakers?
